Dental Insurance is intended to cover some, but not all, of the cost of your dental care.

Most plans include coinsurance, deductibles, and other expenses which are ultimately the patient's responsibility. If you have dental insurance, please bring your plan information with you, and we will make sure that you receive the maximum benefits your policy provides. Financial arrangements can be coordinated with your dental insurance benefits.

We also accept cash, check and credit cards bearing Visa or Master Card logos. A third party finance program (Care Credit) is available for extensive treatment plans. For more information regarding Care Credit please visit [www.carecredit.com](http://www.carecredit.com)
